To whom it may concern,

I am pleased to confirm that **Kushank Aggarwal**, a student of Mechanical engineering with specialization in automotive engineering at Delhi Technological University, Delhi (Roll No. 2k23/AE/098), has successfully completed a **Mechanical Design Internship** at **Innovante Engineering Solutions LLP** from **15 May 2024** to **31 July 2024**. During this period, he worked closely with our engineering team on various projects and demonstrated a strong aptitude for mechanical design and problem-solving.

As a Mechanical Design Intern, Kushank was involved in the following tasks:

1. Designing and modelling mechanical components using CAD software SolidWorks.
2. Conducting stress analysis and simulations to ensure the reliability and safety of designs.
3. Collaborating with senior engineers to optimize designs for manufacturability.
4. Participating in design reviews and providing constructive feedback on project development.

Kushank consistently demonstrated a keen eye for detail, a solid understanding of mechanical engineering principles, and a proactive approach to learning. His contributions were highly valued by the team, and he played a vital role in the successful completion of several key projects.

We have been impressed by Kushank's technical skills, work ethic, and ability to work effectively within a team. We are confident that he will be a valuable asset to any future employer and wish him the best in his future endeavors. Please feel free to contact us if you require any further information regarding Kushank's internship experience.

Sincerely,

Regards,

Ojasvi Chauhan
